HARRISON'S NOMINATIONS GO THROUGH

Whereppon a Big Ratch of New Ones is Taken Under

The Senate committees have all been agreed upon and the resolution containing their selection adopted by the Senate. The new members, it will be seen, fare excellently. President Harrison's first four appointments were confirmed. Another long list is the hands of the Senate. Our relations with Canada was the subject of an interesting discussion in the Senate yester-

WASHINGTON, March 12 .- In the continued absence of the Vice President Mr. Ingalls acted to-day, as yesterday, presiding officer pro tem of the Senate. The message of President, transmitting the pa-pers in the case of Louis Riel, was presented and laid on the table. After a wait of several minutes. Mr. Edmunds broke the stillness by a statement that he had been requested by Mr. Platt to say that the gentlemen representing both sides of the chamber who had in charge recommendations for the committees of the Senate would be ready to call attention to the subject in a very short time, and to ask the Senate to remain in session or to take a short recess.

No motion for a recess was made and the Senate continued in session without any attempt to transact business until 12:15 o'clock, when Mr. Platt asked and obtained unanimous consent to have sus-pended so much of the rules as require the standing committees to be elected by ballot and as require the election of a Committee on Expenditures of Public Moneys, that committee to be represented by one for the "organization, conduct and expenditures of the executive departments." Mr. Platt then offered a resolution, which was agreed to, for the election of standing committees as THE NEW STANDING COMMITTEES.

A long and interesting discussion took place on a motion made by Mr. Payne to strike from the list of select committees the one "On Relations with Canada." He regarded such an investigation by a commit-tee of the Senate as usurpatory of the functions of the Executive. He also looked upon the oppointment of a select committee on the subject as an interference with the duties of the Committee on Foreign Rela-

Mr. Hoar explained that on account of

the lateness of the long session, and of the political campaign which followed it, the special committee appointed at the first session of the last Congress, on his motion, had not been able to discharge its duties, and therefore it was decided to remew the appointment. It was useless, he said, to be blind to the fact—and no discretion required silence as to it—that there was a large and growing body of men in Canada that desired annexation to the United States, but nobody proposed to accomplish it without a free and intelligent and instructed will of the people of both countries.

CAN'T INVESTIGATE TOO MUCH. Mr. Cullom did not think there could be too much investigation into the relations existing and to exist between the United

States and Canada.

Mr. Sherman isvored the appointment of the select committee. He did not believe that, with the long-stretching border between them, the two countries could long in peace. There would be a great nation springing up to the north of the United States, and that fact would necessitate a standing army on each side which would endanger the republican form of govern-

After further debate in the same general line, Mr. Payne withdrew his motion, and all the select committees were agreed to, and the Senate went into executive session and confirmed these nominations:

Thomas W. Palmer, of Michigan, to be Envoy Extraordinary and Minister Plenipoten-

tiary to Spain.

John F. Swift, of California, to be Envoy Extraordinary and Minister Plenipotentiary to Japan.
John D. Washburn, of Massachusetts, to be Minister Resident and Consul General to

Switzerland.

George C. Tichenor, of Illinois, to be Assistant Secretary of the Treasury, vice Isaac H.

Maynard, resigned.

The following nominations, sent to-day, were referred to the appropriate committees, after which the Senate then adjourned, A BIG BATCH FOR ONE DAY.

Arthur C. Milletts of Watertown, Dak., to be Governor of Dakota.

Luther B. Richardson, of Grand Forks, Dak.,
to be Secretary of Dakota.

tana.

States Attorney for the District of Indiana.

March April May are the best months in which to purify your blood, for at no other season does the system like Hood's Sarsaparilla, as now. During the long, cold winter, the blood becomes thin and impure, the body becomes weak and tired, the appetite may be lost. Hood's Sarsaparilla is peculiarly adapted to purify and enrich the blood, to create a good appetite and to over-come that tired feeling. It increases in popu-

larity every year, for it is the ideal spring "Every spring for years I have made it a practice to take from three to five bottles of Hood's Sarsaparilla, because I know it purifies Hood's Sarsaparilla, because I know it purifies the blood and thoroughly cleanses the system of all impurities. Physician, Care Thyself. The talk that pleases men of brains is not the talk that most explains; But that which grapples fleeting sense With hooks of clinching evidence. See how Drs. Starkey & Palen fit this meas

Twenty years ago Dr. Geo. R. Starkey intro-duced his Compound Oxygen Treatment into meral use. He was ill himself; overtaxed by the demands "He was ill himself; overtaxed by the demands of an exacting practice.

One day the phrase "Physician, cure thyself" piqued him into the master effort of his life. His needs were his guides; he studied his own afflictions; brought all his experience and skill to bear upon them, and the results were the Compound Oxygen Treatment and something more vital—his complete restoration to health

something more vital—his complete restoration to health.

Then Dr. Palen, a physician of skill and experience, discovered its value by personal, positive contact with its remedial power.

At once he took hold with the enthusiasm that follows genuine conviction, and together that follows genuine conviction, and together these two physicians devoted all their time, their entire fortunes and the combined ef-fectiveness of their medical experience to the development and introduction of this Treat-

development and introduction of this Treatment.

And they worked to some purpose, for during the past twenty years their Compound Oxygen Treatment has cured thousands of desperate diseases. Drs. Starkey & Palen's office records show over 45,000 different cases in which their Compound Oxygen Treatment has been used by physicians in their practice and by invalids independently.

These records are always open to inspection. They are filled with indorsements of the strongest character from many well-known men and women. A list of these, together with their brochure of 200 pages, will be forwarded, free of charge, to any address.

This publication contains the record of the Compound Oxygen Treatment in cases of Consumption, Asthma, Bronchitis, Catarrh, Headache, Hay Fever. Debility, Rheumatism, Neuralizia and all chronic diseases.

If you will take the trouble to read these little buildtins of the Compound Oxygen Treatment, you will see that each one hereafter will contain the names of people who have been cured by this Treatment, and in no instance will a name be duplicated, since we have a goodly host of indorsements from which to choose, or if you will write, you can have the lot in a bunch and judge for yourself.

For the free brochure, or any information regarding the Compound Oxygen Treatment, address Drs. Strakkey & Palen, No, 1529 Arch st. Philadelphia, Pa.
